Chapter 1 by Feyre Archeron

Five years ago. I was on my way to the Cheesecake Factory when I found a bottle of cheese wiz under my front seat of my car. I picked it up and put in my purse. I was thinking that when I got to the CHEEZEcake factory that I could get it out of my purse and put on what ever I got. When I got to the CHEEZEcake factory I ordered crackers.

They took forever getting me my crackers and my chicken Alfredo dish. I was starving when they finally brought it out 20 minutes later and I was just about to eat the whole can of cheeze spray that I had hidden in my purse. I ate the chicken Alfredo, then when I got down to the crackers they had brought out a whole plater full of crackers.

I was too full to eat the crackers, so I waited until the moment was right and stuffed them into my humongous purse along with the cheeze wiz. I went up to pay my bill. All of the workers started to get suspicious. I tried so hard to get out of there as fast as I could. When I started to speed walk they started to come after me.

I was around the corner when I spotted my car. I ran to the car and started the engine, I stepped on the gas pedal as soon as possible. When I passed the front of the door they were trying to flag me down they had something in their hand.

When I finally stopped to see why they wanted to flag me down. They were gasping for air and

they finally said that they weren't suspicious of me. They were watching and making sure that I didn't leave anything behind.
